## PACKAGED SYSTEMS FIBERGLASS CATCH BASIN WITH FRAME AND GRATE

### Model BZM-BIG-EASY

## FEATURES

- Packaged System includes one 36 x 48" Fiberglass Basin, one Cast Iron Frame & Grate, and one 4-inch Inlet Seal
- The cast iron frame has 24" clear access, which conforms to the State of Wisconsin Uniform Plumbing code SPS 382.34
- The 4-inch rise on the cast iron frame makes it easier to maintain the maximum 12" invert dimension, which is measured from the top of the grate to the bottom of the outlet
- One piece, fiberglass basin with a solid bottom
- The basin is only 118 pounds, making it easy to handle
- Installed without the use of machinery
- Inlets made with common drill and hole saw and sealed with push grommets
- Provides a cost-effective, labor saving, and easy-to-use solution
- Available with a solid lid (BZM-BIGEASY-LID)

## PACKAGED SYSTEMS
